"FOR A GREATER ROCKCASTLE"

Established 1887—34th Year—No. 5

Mt. Vernon, Rockcastle County, Kentucky

Friday Afternoon, November 26, 1920

Price \$1.50 PER YEAR IN ADVANCE.

Brodhead News

Mr. and Mrs. Lester Hilton Headrickson who has been visiting his mother, Mrs. K. J. Mcner, of Sanford, visited her parents Mr. and Mrs. J. R. Cass last week. Miss Hazel Albright is at home from Dudley for Thanksgiving. Mrs. Edward Holley, of St. Louis, visited her sister, Mrs. Henry Anderson last week. Wiley Shihon was here from Lebanon Junction last week visiting friends and hunting. Mrs. Walter Robins and children, were in Mt. Vernon later part of last week. Mr. and Mrs. Andrew Hargis and children, of Berea, were over last week to visit Mr. and Mrs. K. J. McKinney and children. Miss Jo Davis, of Mt. Vernon, was a guest of her sister, Mrs. Walter Robins Sunday. A. M. Hiatt was in Mt. Vernon Friday. Mrs. John Harp and Mr. and Mrs. Brack King moved here from Mt. Vernon Saturday to the property recently purchased from Kilt Kidwell near Methodist church. Uncle Larkin Hick was in Mt. Vernon between trains Friday. Mrs. Ella Brown, who has a lucrative position in Louisville, has been spending her vacation in Atlanta, Georgia and other southern cities, stopped off here to visit her parents, Mr. and Mrs. J. G. Frith for a few days. Mrs. William Potts and son, Yaseph, and daughter, Emma, have returned from a visit with relatives in Cincinnati. Mrs. Lola Sowder and daughter, Bessie, have returned from a visit with Charlie Sowder and family at Ottawa. Miss Cordia Singleton returned to her home at Bee Lick after being with Mr. and Mrs. Josh Wilson for several months. George Wyatt purchased a farm on Boone Highway, from Aunt Mary DeBord, price paid \$500. Earl Phillips was in Mt. Vernon last week. Mrs. J. E. Wallen and son, Orin, and daughters, Misses Hazel and Lillian and Miss Winnie Keller spent Thanksgiving in Danville. Miss Eliza Cummins, of Crab Orchard, who is attending school here, was taken seriously sick Tuesday and was taken home, accompanied by her sister, Miss Allie May Cummins. Mr. and Mrs. Bronston Elder were here from Sanford Sunday. Charlie

has been visiting her parents, Mr. and Mrs. W. F. Cress, have returned to their home in Cincinnati. Irvin Bullock is in London this week on Federal grand jury. There was prayer meeting at Blue Springs Sunday.

Big 4 Engineer Out With Facts

Says Tanlac Quickly Brought Back His Old Time Health And Energy—Feels Fine Now.

One of the most noteworthy features in connection with the introduction and sale of Tanlac throughout America is the very large number of railroad men who have been benefited by its use.

Prominent department officials, conductors, engineers, office clerks and, in fact, men representing practically every branch of the service, have reported that they have used Tanlac with the most surprising and gratifying results.

One of the latest to testify is E. H. Bowley, Eighth and Elborne Apartments, in Prince Hill, Cincinnati. Mr. Bowley has been in the service of the Big Four railroad as engineer for forty years and has been on his present run—pulling passengers—between Cincinnati and Chicago for the past twelve years. He is also a Commandary Mason and an active member of the Knights of Pythias, and is popular with all who know him. Mr. Bowley, in relating his experience with Tanlac, said:

"I never thought of letting my name be used in connection with a medicine, but Tanlac has helped me and I consider it well worth recommending to anyone suffering from stomach trouble and a run down condition.

"For some time past my appetite has been very poor and I have suffered a great deal from indigestion. I was in a badly run-down condition and had that tired feeling all the time.

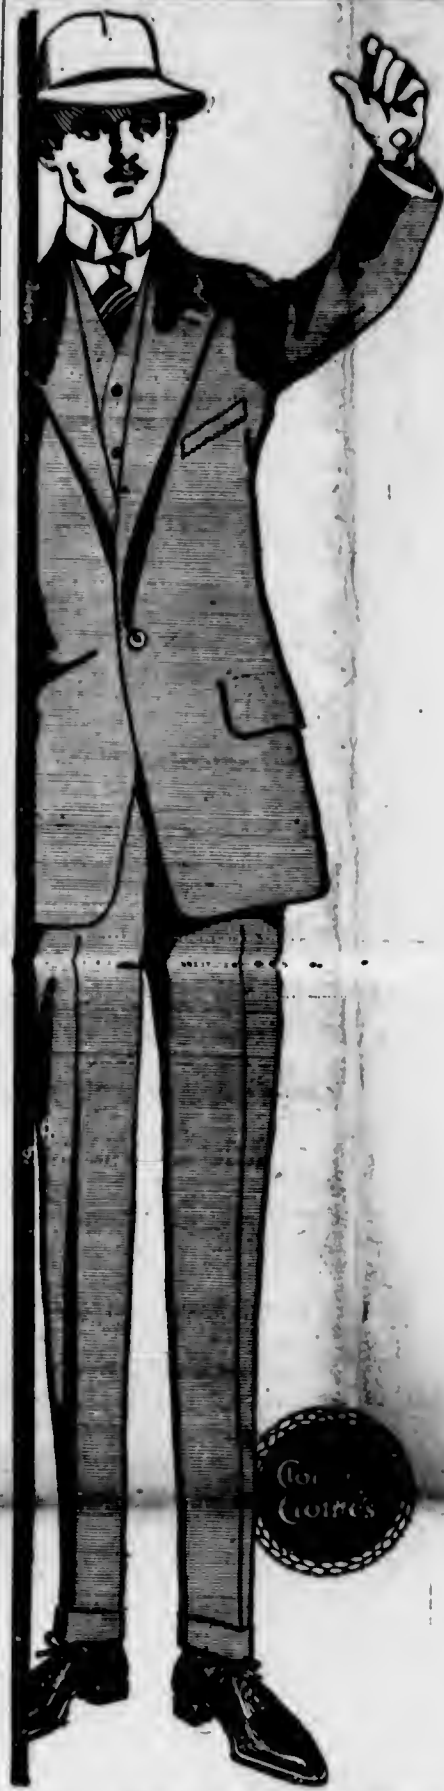

"Well, what I needed was just an all round building up and Tanlac has done that very thing. My appetite is so keen that I can hardly eat enough to satisfy me and I can eat what I want with out feeling a touch of indigestion. I no longer have that tired worn out feeling and am enjoying my usual good health and energy. I have found Tanlac, unusually fine and am glad to give it my hearty endorsement."

Tanlac is sold in Mt. Vernon by Chas. C. Davis; in Brodhead by the Brodhead Pharmacy, and in Livingston by R. G. Webb; in Burr by W. M. Owens.

LEXINGTON NOTES

A three days drive was put on last week to raise \$8,000 in the interest of the Boy Scouts of Lexington. "Over the top" was the result. The movement was in charge of Board of Commerce. A boys brass band of forty pieces is one of the objects. The Mayaville Boy's Band turned music at the inauguration of the drive.

Beginning on Sunday, November 25th the Lexington Leader will begin the publication of a series of articles on the early history of Kentucky, compiled by the "Boone Way Man". The opening chapters will cover the subject of FIRST THINGS IN KENTUCKY. Following chapters will cover other interesting facts and occurrences, including some things up to present days. Most of the matter covered will be in brief form which will be

A Sale Straight From The Shoulder

SUTTON & McBEE

worth preserving in your scrapbook for future reference.

In company of Dr. Wm. Allen Pusey, of Chicago, the writer will spend Thanksgiving week touring the localities of Berea, Boone's Gap, Bristol and Gate City, Va., Kingsport, Long Island and the Block house (site), Tennessee; Cumberland Gap and points between there and London, in their further search for date covering Boone's Trail, the Wilderness Road, and other matter, which is to be used in a history and map of that noted path thru the Cumberlands.

Peter Volo, the wonderful stallion belonging to W. E. D. Stokes, of New York, was bought last week by Dr. O. L. Edwards, price \$50,000. This animal is in the 2-02 class and had earned more than \$150,000 for his owner. He was reared on the Patcher Wilkes Stock Farm, four miles out on the Winchester road from Lexington, which was this famous horse's home until last week. His home is now out on the Newtown pike, a few miles from Lexington.

The Lexington Aero Company

RATS DIE

so do mice, once they eat RAT-SNAP. And they leave no odor behind. Don't take our word for it—try a package. Cats and dogs won't touch it. Rats pass up all food to get RAT-SNAP. Three sizes. 35c size (1 cake) enough for Pantry, Kitchen or Cellar. 55c size (2 cakes) for Chicken House, coop, or small buildings. \$1.25 size (5 cakes) enough for all farm and out-buildings, storage buildings, or factory buildings. Sold and Guaranteed by DAVIS DRUG STORE C. C. COX Mt. Vernon, Ky.

has postponed beginning operation until Spring.

The prices of tobacco when the market opens here in January is a subject of more interest to the raisers of the weed and its discussion is widely prevalent among individuals and the tobacco organizations in the tobacco regions.

The invaluable services of County Agent Spence during past few years have been amply and fully demonstrated. His work has added many thousands of dollars to Rockcastle's income, besides giving the boys and girls a chance to accomplish more and better things in life.

The state prison road crew in Rockcastle is credited with doing more and better work than any other prison road crew in our state. Captain Tackett and his outfit are getting splendid results.

Rockcastle will be right up in front in Federal aid and State aid apportionments for the year 1921 and a large amount of road construction will be done.

GOOD COUGH MEDICINE FOR CHILDREN.

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

READ AND ADVERTISE IN SIGNAL

"THEY SAID I HAD T. B. AND WOULD NOT LIVE THREE MONTHS"

Mr. Harold W. Schmidt, Box 98, Breese, Clinton Co., Ill., believes he has reason to praise Dr. Hartman's Remedy for Catarrhal conditions.

A HALF CENTURY IN USE SOLD EVERYWHERE

The Right Direction

If you are going anywhere, the natural thing to do is to travel in the direction of the place you desire to reach. The speed you make merely regulates the time of your arrival—if you are headed right.

It is not the amount of money you save, but the fact that you have begun to save, that invests the act with a certain moral influence which, properly encouraged, becomes stronger and stronger all the time. That's why we urge you to open an account with us and get started on the right road, where the going is easy. Start an account today and watch it grow.

ANNOUNCEMENT

We are authorized to announce, subject to the action of the Republican Party at next August Primary, T. J. BALL, For Circuit Court Clerk.

JOHNETTA.

Rev. George Childress, of Brodhead, preached the funeral of Mrs. J. R. Ballinger at New Hope last Sunday. Text, And now abideth faith, hope and charity. These three; but the greatest of these is charity. First Cor. 13-14. Sister Ballinger was a member of the Baptist church at New Hope. She was 50 years of age. She joined the church at the age of 17. She was a faithful and loyal Christian and was

loved and honored by all who knew her. She leaves a husband, five daughters and three sons, besides a host of friends to mourn her loss. She is gone but not forgotten.—The oil derricks at Johnetta and Climax are being torn down and removed to other parts. D. G. Clark is doing the hauling.—Miss Ella Dooley who is teaching at Boiling Springs was at home Saturday and Sunday.—Nathan Mullins, who has closed a singing school at Mascadoma school, will begin a school at Hickory Valley school house, Nov. 27. Nathan is a progressive young

man and a successful singing master.—Mrs. Dewey Ballinger and Mrs. Ivory Anglin, of Hamilton and Dayton, Ohio are visiting their parents, Mr. and Mrs. I. R. McTracken this week.—Johnny Allen, recently of Cocksburg, has moved on his father, Larkin Allen's farm.—Robert Hake is moving to the Dr. J. F. Baker place. Dr. Baker has gone to Mt. Vernon.—Dave Hines is busy supplying the people with coal.—Henry McTracken is at home from Parham County this week.—J. F. Shell went to Harlan to spend the winter in the mines. J. F. is a track man.—Uncle H. P. Allen is very sick at this writing.—The teachers around here are very busy trying to make grown up folks of children. Some one said it can't be done, but that is the teachers' job.—Yours with best wishes to the Signal and its readers.

"I Got Real Mad When I Lost My Setting Hen," Mrs. Hamman.

"I went into the hen house one morning and found my favorite setter dead. I got real mad. Went to the store, bought some RAT-SNAP and in a week I got six dead rats. Everybody who raises poultry should keep RAT-SNAP." Three sizes, 35¢, 65¢, \$1.25. Sold and guaranteed by Davis Drug Store, and C. C. Cox Mt. Vernon, Ky.

KENTUCKY CROP REPORT.

Kentucky's 1920 tobacco crop is estimated at 420,750,000 pounds, or 1,389,458,100 pounds of leaf, and 1,389,458,100 bushels, in the November crop report for Kentucky issued recently at Louisville and Frankfort by the U. S. Bureau of Crop Estimates in cooperation with the State Commissioner of Agriculture, W. C. Hanna. Other crops reported for Kentucky are: Sweet potatoes, 1,680,000 bbs., apples 5,700,000 bbs., pears 308,000 bbs., clover seed 52,500 bbs., and sorghum syrup 2,888,000 gallons. Last year Kentucky's production of these crops are: Tobacco 456,500,000 lbs., corn 82,500,000 lbs.,

Every Drop an Asset

AS a dairy farmer you can figure out to the penny what your cream is worth. You know that every particle of butter fat has a distinct value to you. You cannot afford to use a separator that misses any cream.

The Primrose Cream Separator gets every drop of cream. The principle on which it operates is as simple as the mechanism. The frame is open and sanitary—the supply can be large and low. Every bearing and quiet gear is well oiled by a splash system.

In Primrose separators, good workmanship and materials, close skimming and durable qualities, are the distinguishing points. These are points that vitally concern your profit.

No matter what the size of your herd, the Primrose is a money-maker. Two or three cows farmers use them with profit. The Primrose is the only cream separator that automatically drains out the used oil from the gear case when new oil is added.

Let us demonstrate this and other points. If it is not convenient for you to call, phone us and we will bring a machine out and show you how it operates and what its financial advantages are to you.

potatoes 1,681,000 bbs., apples 1,480,000 bbs., pears 128,000 bbs., cover seed 38,000 bbs., and sorghum syrup 2,542,000 gallons. The decrease in tobacco production in Kentucky from 1919 is due to decreased acreage in Western Kentucky which was not fully offset by the increased bur-

ley acreage. The damage by rust and 'wildfires' also helped slightly to reduce the average yield per acre. Quality of tobacco in reported as 80 per cent, compared to 81 per cent last year. The United States tobacco crop this season is estimated at 1,476,440,000 pounds compared to 1,389,458,100 pounds last year. It is estimated that approximately 5 per cent of Kentucky's acreage of corn was put into silos this season, the average yield per acre being about 7 tons. There was comparatively little frost damage to corn in this State but some is now being reported as chaffy and not well matured. The average yield per acre this year in Kentucky is 30½ bushels, compared to 25 bushels last year and a 10 year average of 27½ bushels.

SHE WAS WISE.

He (after the proposal)—My salary is \$1,500 a year. Now, dearest, what is the least you think you can live on? She—Well, how much credit can I get?

ONLY A COLD.

Are you ill? It is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

Another Royal Suggestion Biscuits and Cinnamon Buns From the NEW ROYAL COOK BOOK

BISCUITS So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These biscuits anyone can make with Royal Baking Powder and these unusual recipes.

Biscuits
2 cups flour
4 teaspoons Royal Baking Powder
½ teaspoon salt
2½ tablespoons shortening
¾ cup milk or half milk and half water
Sift together flour, baking powder and salt, add shortening and rub in very finely; add liquid slowly; roll or pat on floured board to about one inch in thickness; divide as little as possible; cut with biscuit cutter. Bake in hot oven 15 to 25 minutes.

Royal Cinnamon Buns
2½ cups flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
2½ tablespoons shortening
1 egg
¾ cup water
½ cup sugar
2½ teaspoons cinnamon
4 tablespoons acidulated raisins
Sift 2½ tablespoons of mixed sugar with flour, salt and baking powder; rub shortening in lightly; add beaten egg to water and add slowly; roll out ½-inch thick on floured board; brush with melted butter, sprinkle with sugar, cinnamon and raisins; roll as for jelly roll; cut into ½-inch pieces; place with cut edges up on well-greased pan; sprinkle with a little sugar and cinnamon; bake in moderate oven 20 to 25 minutes; remove from pan at once.

Rockcastle County Farmers Show Progress
As Well As Pride in Their Homes

We are pleased to note that a large number of the progressive farm and home owner are taking pride in adding conveniences, comfort and improvements to their homes and farms by installing modern up to date lighting, cooking, ironing and heating systems. Those who have plants already installed in their homes and well pleased, are, viz:

Jim Moore	M. C. Saylor
John Mink	Jim Noe
G. W. Brown	Moss Mullins
R. E. Quinn	W. H. Linville
W. C. Viers	T. J. Mink
O. M. Payne	T. R. Mullins
John Berry	W. M. Mann
John Saylor	Green Cress
W. H. Brown	Jim Wolfe
Hardin Moore	

Numerous other homes will be lightened and made happy just as fast as their outfits arrive from the J. B. COLT CO'S. Factory at Chicago, Ill.

"A TEN YEAR TEST."
 Horse Cave, Ky.
 July 1, 1919.

J. B. Colt Company,
 Factory at Chicago, Ill.

Gents: I installed one of your automatic feed Colt Lighting outfits about ten years ago. This was used for lighting the store rooms and hotel. It has given perfect satisfaction, and I have never been to any expense for repairs on this plant.

Very truly,
 Clarence Owens.

Division Engineer J. S. Watkins of the Ky. State road Dept. was here from London Saturday looking over the work being done in this county on the Dixie Highway

CATARH CANNOT BE CURED
 with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions. and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood-purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

1000-500

November almost gone and December 31, drawing near which will close our Junior Agriculture Club Campaign.

Have you a Junior Club in your school district or community? Is it as big as it can be made this year?

All the assistance furnished these boys and girls will be free. Why not have a Junior club and get what is coming to us and our boys and girls.

New application cards with 33 projects, or things for boys and girls to do, can be gotten from County Agent, Berea.

The following are some of the things they can do with the aid and backing of State College of Agriculture and United States Department of Agriculture.

Raise: Corn, potatoes, soy beans, sweet clover, fruits, garden, tomatoes, tobacco, pigs, sow and litter, sheep, poultry, bees.

Study: Sewing, home arts, foods, canning, butter making.

There should be a Junior club in every school district, directed by Local Leader, Trustee and

PERCHED ON A HIGH STOOL IN AN OFFICE

Many a Brain Is Trying To Work With Weak, Thin Blood

MORE RICH, RED BLOOD NEEDED.

Pepito-Mangan Gives You the Health To Tackle Your Daily Work With Vigor

If you sit at a desk all day in an office, whether you are perched on a high stool or seated in an upholstered chair, your body is inactive. You can't get much fresh air and outdoor exercise. Your blood becomes poor. You look pale and feel weak.

The great tonic, Pepito-Mangan, is what you need for awhile. It makes rich, red blood. It restores your energy. Your color comes back.

When your blood is good, full of red corpuscles, you are better able to resist disease. You go about your daily work with the optimism of good health.

Try Pepito-Mangan and notice how you improve.

Pepito-Mangan is sold in both liquid and tablet form. Take either kind you prefer. Both have the same medicinal value. But be sure you get the genuine Pepito-Mangan—"Gude's." The full name, "Gude's Pepito-Mangan," should be on the package. Advertisement.

Teacher. All assistance and help necessary for the development and success of each club will be furnished by State College of Agriculture and U. S. Department of Agriculture through the County Agent.

Write to County Agent, Berea, today for club application cards and start your club.

THIS MEANS YOU.

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels but cleanse and invigorate the stomach and improve the digestion.

On last Monday night, Ashland Lodge 640 F. & A. M. held another enthusiastic meeting. The Master Mason's degree was conferred upon the following: F. P. Bryant, August Kreger, Prof. Robert Fields, Christopher C. Bates, Grover C. Hatcher and W. G. Hysinger. There was quite an assemblage of members. More than fifty present. There will be another such meeting soon.

You Guard Against Burglars. But What About Rats?

Rats steal millions of dollars worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats or dogs won't touch it. Comes in cakes. Three sizes 35c, 65c, \$1.25. Sold and guaranteed by Davis Drug Store and C. C. Cox, Mt. Vernon, Ky.

GAULEY.

Will Ponder, of Page, Ky., was here last week visiting his father, May Ponder, and while here purchased a farm from his brother, H. L. Ponder for \$625.—Sv. Howland is confined to his room with rheumatism.—Elbert Browning, contractor, has just completed a large barn for Carter Saylor.—John Bond is home from Robinson, Ky., for a few days.—Melvin Barnett, the hustling Singer Sewing Machine salesman, was in Laurel county last week.—The tobacco men are taking advantage of the damp weather in preparing their weed for market.—

ITCH!

Money back without question if HUNT'S Salve fails in the treatment of ITCH, SORENESS, RINGWORM, TETTER or other itching skin diseases. Try a 25 cent box at our risk.

To the Farmers

In this day of complicated machinery most farmers probably give little thought to the care of so simple an implement as a plow. But more effort has been expended in the slow progress of developing this seemingly simple tool than in that of any other implement on the farm. It is the basic tillage tool, the fundamental farm implement, and it is richly entitled to be properly cared for when not in use.

SHOULD BE STORED IN DRY PLACE

When laid by, say the implement experts, the plow should, if possible, be stored in a dry place, away from contact with the ground. In any case, the bright parts should always be coated with grease to prevent rust. Once the mold board and share have become pitted with rust an efficient job of plowing can not be done until the corroded parts again have acquired a polish by use.

The United States Department of Agriculture, of course, does not stop with the plow in its admonition in this regard. Harrows also relatively simple but tremendously important implement, are, next to plows, most generally neglected. Many farmers who would not neglect an expensive harvesting machine, say the experts, are careless as to harrows and other implements of this type. But these, also, represent capital invested, and a larger return is possible if they are properly cared for at the end of the season.

If harrows are stored under a shed, the teeth should be supported by blocks or bards, so that they will not become embedded in the ground. All accumulations of earth and trash should be removed. This is especially applicable to wooden-frame harrows. The earthly accumulations retain moisture and accelerate decay. When the wooden parts have dried out sufficiently they should be painted, to prevent season checking and splitting. As the harrow works in wet, earth and close to the ground, deterioration is rapid once checking has started.

If the disk harrow is stored in a shed or other floorless building the disk gangs should be run upon boards so the disks will not become embedded in the ground. Whether housed or not, the implement should be carefully cleaned of all accumulations of soil, and the disk should be greased with a heavy grease to prevent rust. The paint, particularly on the wooden parts should be renewed frequently.

GET THE MOWER UNDER SHELTER

Mowers, more generally than plows and harrows, are put under shelter, but many of them spend the winter at the edge of the meadow where the last cutting of hay was made, and in most cases they are not properly greased, even when sheltered. Get the mower under shelter, if possible. In any case, clean the knife bar, wipe it with a greasy rag and store in a dry place. Place a block of wood or other support under the midpoint of the tongue, so that it will not acquire a permanent sag. If the mower is stored with the cutter bar in a vertical position, place a block of wood under the shoe to take the weight off the frame. All accumulations of vegetable matter and dirt should be removed and all bearings and other bright parts of the machine oiled or greased. Much the same rules apply to reapers and binders.

The time to care for each implement is when its work is finished.

Attention! Mr. Car owner

ished. Pressure of other work, however, frequently makes this inconvenient, but nothing should be allowed to interfere with getting all machinery greased, and if possible, under cover before the beginning of winter. Then, as early in the winter as you can find time for it, go over every piece and see what repairs are needed. If new parts have to be ordered, order them at once. A great deal of valuable time is lost every spring waiting for repair parts to arrive from the city. The best possible use should be made of such housing space as is available, and grease and paint should be used without stint. Any farm implement with bearings and bright parts well

VICTIMS RESCUED

Get your letter in every week — on Tuesday, if possible and not later than Wednesday.

TO THE VOTERS OF ROCKCASTLE COUNTY:

I appreciate the confidence you had in me to vote for me as one of the School Board, especially the ladies. Those that voted against me I appreciate them as voting for the best interest of the schools as they thought. I know my pledge has not only being for the interest of schools in my side of the County, but for the county at large. I shall always be ready to advise with the patrons of the county to the best interest of schools.

W. W. J. Alcorn.
